**Approval of Minutes**

The Minutes of the Board meeting held on September 17, 2009 were reviewed. A motion was made by Dr. Dave that they be approved. Seconded by Dr. Travis, the motion carried.

### **Appointment of New Board Member**

Dr. Nunnelley reported that Governor Beshear recently issued an Executive Order appointing Mickey D. Anderson, M.D. to fill the vacancy of Dr. Linda Mumford whose term had expired. Dr. Anderson is a practicing surgeon in Bardstown, Kentucky and was appointed to a four-year term. The Governor also reappointed Justice William Graves to another four-year term on the Board.

### **Licensure Items**

Following a review of the attached licensure items, the motion was made by Dr. Gibson to approve the actions requested and authorize the issuance of the licenses noted on this list as amended (see attached). Seconded by Dr. Dave, the motion carried.

### **Special Licensure Items**

At today's meeting, the Board members noted that a number of applications for licensure had been submitted for approval, although the Board has not yet received all background information. In accordance with Board policy, in order to facilitate the application process, the Board members voted on the merits of each of these applications based upon the information currently available. Policy further states that any vote approving such an application is expressly contingent upon the fact that when the missing information is received it is favorable.

In the following cases, the physicians' applications and supporting documentation were considered:

**Michael A. Peterson, M.D.** – At the September 2009 meeting, the Board denied Dr. Peterson's request for a waiver of the requirement for a regular license that an applicant must have successfully completed two years of postgraduate training. Dr. Peterson has asked the Board to reconsider its previous vote. Dr. Peterson and representatives of Pineville Community Hospital, Dr. Talmadge Hays and Mr. Greg Nunnelley, addressed the Board regarding his request. Upon review, Dr. Travis made a motion to issue Dr. Peterson an Institutional Practice–Limited License, which approves and limits his ability to practice medicine in Kentucky to the Pineville Community Hospital, with the requirements that he will advise the Board of the names and positions of his designated on-call supervisor/monitor and that the supervisor/monitor will provide the Board with quarterly reports detailing the frequency of Dr. Peterson's on-call status and his ability to effectively handle call situations. Under the motion, Dr. Peterson would be permitted to reapply for a regular license in one year, at which time the Board would consider all information including the quarterly reports. Seconded by Dr. Perman, the motion carried. Dr. Cassis and Dr. Gibson opposed the motion.

**Mark R. Geier, M.D.** – Dr. Geier is applying for a regular medical license and does not meet statutory requirements. He has completed one year of accredited postgraduate training and is requesting a waiver of the two-year postgraduate training requirement. After consideration, a motion was made by Dr. Gibson to grant Dr. Geier's request for a waiver and issue him a

regular medical license. Seconded by Dr. Cassis, the motion carried. Dr. Travis opposed the motion.

**Frank Cavallero, M.D.** – Dr. Cavallero is applying for a regular medical license and does not meet statutory requirements. He has nine months of the required 24 months of accredited postgraduate training, and he is requesting a waiver of the remaining 15 months. Dr. Cavallero completed a one-year rotating internship from 1959 to 1960; three years of a diagnostic radiology residency from 1965 to 1968 and a one-year ultrasound/breast imaging fellowship from 2000 to 2001. However, these programs were non-accredited. Following review, Dr. Travis moved to approve Dr. Cavallero's request for a waiver and issue him a regular medical license. Seconded by Dr. Dave, the motion carried.

**Mohammad Fattal, M.D.** – Dr. Fattal is applying for a regular medical license and meets statutory requirements. He did not report on his Kentucky license application or on his FCVS application that he was placed on probation during his training at St. Elizabeth Family Practice. Dr. Fattal was in attendance and addressed the Board. After review, a motion was made by Dr. Briscoe to issue Dr. Fattal a regular medical license, effective upon completion of his residency training, and provided he enters into an Agreed Order of Fine. Seconded by Dr. Dave, the motion carried. Terms and conditions were provided to General Counsel.

**Cynthia A. Almond, M.D.** – Dr. Almond is applying for a regular medical license and does not meet statutory requirements. She completed one year of ACGME-accredited postgraduate training from 1979 to 1980. Dr. Almond completed a one-year pathology residency but did not receive credit for that year. She also completed a one-year fellowship in addiction medicine; however, that program did not have accreditation. Upon consideration, Dr. Briscoe moved to grant Dr. Almond a regular medical license. Seconded by Dr. Rangaswamy, the motion carried. Dr. Gibson and Dr. Travis opposed the motion.

**Lyle R. Moss, D.O.** – Dr. Moss is applying for a regular medical license and does not meet statutory requirements. He has one year of postgraduate training and is requesting a waiver of the two-year requirement. Dr. Moss has one malpractice case that settled in July of 2001 for \$1,000,000. He also had another malpractice case that settled in March of 2006 for \$150,000. Dr. Moss is ABMS certified in Emergency Medicine. Dr. Moss was present and addressed the Board. After review, Dr. Gibson made a motion to approve Dr. Moss for regular medical licensure. Seconded by Dr. Dave, the motion carried.

**Paula Peyrani Di Castelnuovo, M.D.** – Dr. Di Castelnuovo is applying for a fellowship training license but does not meet statutory requirements. She is requesting a waiver of the requirement that she must be certified by the appropriate licensing authority in her home country in the subject specialty of the fellowship. Following discussion, a motion was made by Dr. Dave to approve Dr. Di Castelnuovo's request for a waiver and issue her a fellowship training license. Seconded by Dr. Travis, the motion carried.

**Juan F. Yepes, M.D.** – Dr. Yepes is applying for a faculty license but does not meet statutory requirements. He is certified by the American Board of Oral Medicine, which is not recognized by the ABMS; therefore, he is requesting a waiver. It was also noted that the Subcommittee of the Deans recommended that Dr. Yepes be issued a faculty license. Dr. Yepes was in attendance. After review, Dr. Travis moved to grant Dr. Yepes' request and issue him a faculty license. Seconded by Dr. Briscoe, the motion carried.

**Jeffrey L. Frederich, M.D.** – Dr. Frederich is applying for a regular medical license and meets statutory requirements. In December 2008 Dr. Frederich withdrew his application for an Iowa medical license after the Iowa Board informed him that he would be denied for non-disclosure. Dr. Frederich failed to disclose the information about his application withdrawal, which was provided to our Board by the FCVS and the Iowa Board of Medicine. We subsequently requested the information from him. Dr. Frederich and representatives of Pineville Community Hospital, Dr. Talmadge Hays and Mr. Greg Nunnolley, addressed the Board regarding his request. Upon review, Dr. Travis made a motion to issue Dr. Frederich an Institutional Practice–Limited License, which approves and limits his ability to practice medicine in Kentucky to the Pineville Community Hospital, with the requirements that he will advise the Board of the names of his designated on-call supervisor/monitor and that the supervisor/monitor will provide the Board with quarterly reports. It was further moved to obtain a letter from Dr. Frederich's treating physician regarding his current medications. Under the motion, Dr. Frederich would be permitted to reapply for a regular license in one year, at which time the Board would consider all information including the quarterly reports. Seconded by Dr. Perman, the motion carried.

**Lajon Addison, D.O.** – Dr. Addison is applying for a regular osteopathic license and meets statutory requirements. Dr. Addison's postgraduate training program reported to the FCVS that he was placed on probation, disciplined, had negative reports filed and had limitations on his training during his general surgery residency. He failed to report this on both his FCVS application and his Kentucky license application. Following discussion, Dr. Dave moved to issue Dr. Addison a regular osteopathic license contingent upon him entering into an Agreed Order of Fine. Seconded by Dr. Gibson the motion carried. Terms and conditions were provided to General Counsel.

**Frank C. Powell, M.D.** – Dr. Powell is applying for a regular medical license and meets statutory requirements. His application is complete. The Florida Medical Board issued a non-disciplinary citation against Dr. Powell's Florida license for failure to document the required number of CME hours necessary for license renewal. He was also fined. When Dr. Powell applied for an Iowa license he did not disclose the Florida action, and the Iowa Board issued him a Letter of Warning. Dr. Powell also did not disclose this information on his application for a Kentucky license. He currently has two malpractice cases that are open and pending. Dr. Powell is ABMS certified in Radiology. Upon consideration, Dr. Travis made a motion to issue Dr. Powell a Kentucky medical license contingent upon him entering into an Agreed Order of Fine. Seconded by Dr. Dave, the motion carried. Terms and conditions were provided to General Counsel.

**George L. Rosenberg, M.D.** – Dr. Rosenberg is applying for regular medical licensure and meets statutory requirements. His application is complete. Dr. Rosenberg has had two malpractice suits, one that paid out a total of \$759,604 and the other settled for \$350,000. Dr. Rosenberg was also investigated by the medical staff at Alli-Kiski Medical Center due to concerns over his surgical complication rate during hysteroscopies and hysterectomies. In addition, Dr. Rosenberg was placed on probation by the University of Oklahoma College of Medicine for three months due to deficiencies in decision making and interpersonal relations. He did not disclose this information on his application. Dr. Rosenberg is ABMS certified in Pathology and Obstetrics and Gynecology. After review, a motion was made by Dr. Gibson to issue Dr. Rosenberg a regular medical license contingent upon him entering into an Agreed Order of Fine. Seconded by Dr. Cassis, the motion carried. Terms and conditions were provided to General Counsel.

**Robert K. Ueda, M.D.** – Dr. Ueda is applying for regular medical licensure and meets statutory requirements. His application is complete. In January 2006 Dr. Ueda received a non-disciplinary fine from the Florida Board for failure to disclose information on his application for licensure. As a result, he was denied licensure in North Carolina. However, the denial was appealed and later expunged after he withdrew his application. A hospital in Arizona suspended Dr. Ueda's hospital privileges in April of 2007 due to allegations that he misread two patient studies provided to him electronically. Dr. Ueda has one malpractice case that settled in August of 2007 for \$1,000,000. He has one malpractice case that is still open from December of 2008. Dr. Ueda was present and addressed the Board. Upon discussion, Dr. Briscoe moved to approve Dr. Ueda for a regular medical license. Seconded by Dr. Dave, the motion carried. Dr. Anderson, Dr. Berberich and Dr. Gibson opposed the motion.

**Mark D. Jacobson, M.D.** – Dr. Jacobson is applying for a regular medical license and meets statutory requirements. He has one malpractice suit that settled in September of 2007 in the amount of \$750,000. A complaint was filed with the Florida Medical Board as a result of the suit; however, after an investigation, the case was closed with no action. After a review of the information, Dr. Gibson made a motion to grant Dr. Jacobson a regular medical license. Seconded by Dr. Cassis, the motion carried.

**Michael J. Boyko, M.D.** – Dr. Boyko is applying for a regular medical license and meets statutory requirements. He has a malpractice suit that settled in January of 2001 for \$475,000. In addition, Dr. Boyko had two dismissed suits, one in 1989 and one in 1990, with nothing paid on his behalf; one malpractice settlement in 1990 in the amount of \$30,000; and one other case that was dropped by the Plaintiff. After consideration, a motion was made by Dr. Travis to approve Dr. Boyko for a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

**Mark G. Brown, M.D.** – Dr. Brown is applying for a regular medical license and meets statutory requirements. He has one malpractice settlement, which settled in June of 2007, with \$750,000 paid on his behalf. Dr. Brown was in attendance. Upon review, Dr. Travis moved to grant Dr. Brown a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

**Henry E. Childers, M.D.** – Dr. Childers is applying for a regular medical license and meets statutory requirements. He was placed on academic probation for six months during his residency training; however, Dr. Childers did not disclose this on his license application or on the FCVS application. He has had two malpractice settlements and one dropped suit. The first suit settled in 2007 in the amount of \$800,000. The second suit settled in August of 2009 with a total payout of \$700,000. A third malpractice suit was dropped with nothing being paid on Dr. Childers' behalf. Dr. Childers was in attendance and addressed the Board. After consideration, Dr. Perman made a motion to authorize the President to grant Dr. Childers a regular medical license upon the Board's receipt of favorable information from his residency director. Seconded by Dr. Dave, the motion carried.

**Thomas E. Conley, M.D.** – Dr. Conley is applying for a regular medical license and meets statutory requirements. He has one malpractice suit, which settled in December of 2000 in the amount of \$2,400,000. Following discussion, a motion was made by Dr. Briscoe to issue Dr. Conley a Kentucky medical license. Seconded by Dr. Dave, the motion carried.

In addition to the above license considerations, the following physician's license application was also reviewed and approved for regular licensure:

**Perjohan H. Persson, M.D.**

#### **Other Licensure Matters**

##### **Location Change – Limited License**

**Albino Nunez, M.D.** – Dr. Nunez currently holds a Limited License, which was issued in June of 1971. A Limited License requires Board approval prior to a physician changing or adding a new practice location. Dr. Nunez has submitted a request for approval to practice at Lighthouse Medical Clinic, Appalachian Regional Healthcare and Daniel Boone Clinic. Following discussion, a motion was made by Dr. Gibson to approve Dr. Nunez's request and allow him to practice at the above locations. Seconded by Dr. Travis, the motion carried.

**Alfonso Puerto, M.D.** – Dr. Puerto currently holds a Limited License, which was issued in July 1969. A Limited License requires Board approval prior to a physician changing or adding a new practice location. Dr. Puerto has submitted a request for approval to practice at Norton Suburban and Norton Audubon Hospitals in Louisville and Jewish Hospital and Baptist Hospital in Louisville. After review, Dr. Dave moved to grant Dr. Puerto's request to practice at the above locations. Seconded by Judge Graves, the motion carried.

### **Faculty License Applications**

The Subcommittee of the Deans recommended the approval of the following physicians for a Faculty License:

**Juan F. Yepes, M.D.**  
**Ali M. Ziada, M.D.**

Following discussion, Dr. Buser made a motion to approve the Subcommittee's recommendations. Seconded by Dr. Hacker, the motion carried.

### **Fellowship Training License Application**

**Alexander Bautista, M.D.** – Dr. Bautista is applying for a Fellowship Training License and meets statutory requirements; however, the program he is entering is not ACGME accredited. Upon discussion, Dr. Gibson moved to grant Dr. Bautista a Fellowship Training License. Seconded by Dr. Hacker, the motion carried.

### **Subcommittee Reviewing Fellowship Licenses**

It was recalled that Dr. Jay Perman, Dean of the University of Kentucky College of Medicine, and Dr. Edward Halperin, Dean of the University of Louisville School of Medicine, had submitted a letter to the Board requesting a review and revision to the Board's current policy regarding licensure for residents entering fellowship programs. The Subcommittee reviewing this issue met this morning, and it was their recommendation to the Board that current statutory requirements be followed whereby residents who are eligible for a regular medical license should apply for a regular license rather than a fellowship license. Residents who are not eligible for a regular license can continue to apply for a fellowship license. Following discussion, it was the consensus of the Board to approve the Subcommittee's recommendation.

### **Executive Session**

A motion was made by Dr. Dave that an Executive Session be called in order to deliberate matters exempt from the Kentucky Open Records Act. Seconded by Dr. Berberich, the motion carried. Following the Executive Session, a motion was made by Dr. Buser to return to open session. Seconded by Judge Graves, the motion carried.

### **Kentucky Physicians Health Foundation**

The Kentucky Physicians Health Foundation provided statistical data for its First Fiscal Quarter. Also reviewed were the Current Case Statistics, the Cash Flow Statement from July 1, 2009 through September 30, 2009 and Minutes of the August 18, 2009 Board of Directors meeting. All items were accepted for information.

## **Recommendations of Board Committees/Council**

### **Physician Assistant Advisory Committee**

The Physician Assistant Advisory Committee met on November 5, 2009 and submitted the attached list of recommendations (see attached). Following review, Dr. Travis made a motion to approve recommendations one through nine as presented. Seconded by Dr. Rangaswamy, the motion carried.

The Minutes of the Committee's August 6, 2009 meeting were accepted for informational purposes.

### **State Council on Athletic Trainers**

The State Advisory Council on Athletic Trainers met on November 4, 2009 and the attached recommendations were reviewed by the Board (see attached). Following review, Dr. Travis made a motion to approve recommendations one and two as presented. Seconded by Dr. Rangaswamy, the motion carried.

The Minutes of the Council's August 5, 2009 meeting were accepted for informational purposes.

### **Surgical Assistants Advisory Committee**

The Kentucky Advisory Committee for Surgical Assistants met on November 6, 2009 and submitted the attached list of recommendations for the Board's review (see attached). Following review, Dr. Travis made a motion to approve recommendations one through five as presented. Seconded by Dr. Rangaswamy, the motion carried.

The Minutes of the Committee's August 6, 2009 meeting were accepted for informational purposes.

### **Acupuncture Advisory Committee**

Members of the Committee met on December 16, 2009, and submitted the attached recommendations, which were reviewed by Board members (see attached). Following review, Dr. Travis made a motion to approve the recommendation as presented. Seconded by Dr. Rangaswamy, the motion carried.

The Minutes of the Committee's September 16, 2009 meeting were accepted for informational purposes.

## **Old Items**

### **Proposed Board Opinion Relating to Use of Suboxone and Buprenorphine**

At a previous meeting, the Board asked Mr. Vest to redraft the Board's earlier guideline on the Use of Suboxone and Buprenorphine in order for the Board to adopt it as a Board Opinion. A draft of that proposed Opinion was presented for the Board's approval. After discussion, Dr. Briscoe moved to approve the proposed Opinion as amended. Seconded by Dr. Travis, the motion carried.

### **Request for Board Opinion Regarding Dispensing Medication**

The Board received a request for an opinion from Dr. John Reesor with Family Practice Associates as to whether there is any legal prohibition against Physicians Pharmaceutical Corporation setting up a prescription medicine dispensing program in their medical office. The Board reviewed a Memorandum from Mr. Lloyd Vest, General Counsel, and after discussion, Dr. Travis made a motion not to issue an opinion regarding this matter. Seconded by Dr. Perman, the motion carried.

### **CME Summary**

Board members reviewed the attached summary of CME audits completed from April 1, 2009 to November 25, 2009. It was noted that 4% of physicians have been audited to date, 189 extensions have been granted and \$21,300 has been collected in fines. This was submitted for informational purposes.

## **New Items**

### **Changes in Inquiry/Hearing Panels**

As noted earlier, Governor Beshear recently appointed Mickey D. Anderson, M.D. to replace Linda Mumford, M.D. on the Board. As a result, Dr. Nunnelley has asked Dr. Briscoe to serve as the Chairman of Panel A. Dr. Anderson has been appointed to serve on Panel B.

### **James Matthews, M.D. Request, i.e. Definition of Surgery**

The Board received correspondence from James Matthews, M.D. advising that the Kentucky Medical Association has adopted wording submitted by the American College of Surgeons with regard to the definition of surgery and requesting that the Board consider adopting this new language. Following consideration, a motion was made by Dr. Travis to approve this new language upon verification that the Kentucky Medical Association has adopted it. Seconded by Dr. Dave, the motion carried.

### **Kentucky Medical Association Letter**

The Kentucky Medical Association has asked our Board to review a piece of draft legislation, along with the supporting material, regarding the prevention of opioid drug overdose and advise whether the prescribing or administering of an opioid anecdote constitutes the practice of medicine or could be considered similar to the use of an EpiPen. After discussion, Dr. Gibson made a motion that the prescribing or administering of an opioid anecdote does constitute the practice of medicine. Seconded by Dr. Dave, the motion carried.

### **Request for Board Opinion Regarding Delegation to School Employees**

The Board has been asked to determine the scope of health services that may be delegated by physicians under KRS 156.502. Specifically, the Legislative Research Commission (LRC) posed a question regarding whether a physician or physician's assistant can delegate carbohydrate counting, insulin dose calculations and insulin administration to a UAP under KRS 156.502. Another question posed is whether a physician's assistant can be considered a physician for the purposes stated above. The Board reviewed a Memorandum from Mr. Lloyd Vest. Upon consideration, Dr. Gibson moved to take the position that a physician can train and delegate to school personnel any medical procedure they deem appropriate. Seconded by Ms. Legg, the motion carried.

### **Pending Legislation Regarding the Corporate Practice of Medicine**

It was brought to the Board's attention that California has recently introduced legislation regarding the corporate practice of medicine. It was noted that Kentucky does not have a statute addressing this issue. However, this issue has been addressed in two earlier Court decisions. Following discussion, it was the consensus of the Board that Mr. Vest, Mr. Rodman and Dr. Cassis will meet with the Kentucky Board of Hairdressers and Cosmetologists and the Kentucky Board of Nursing to discuss the potential for similar legislation in Kentucky.

### **Utilization of Hyaluronidase Injections**

At the October 2009 meeting of Panel B, a grievance was reviewed wherein the treating physician used the drug, Hyaluronidase, as a therapeutic agent for pain management. The Panel asked staff to obtain information on the use of Hyaluronidase to discuss at today's meeting. The Board reviewed current information from the PDR on the use of this drug. Following review, this was accepted for informational purposes.

### **Correspondence from State Representative Addia Wuchner**

The Board received a letter from State Representative Addia Wuchner regarding draft legislation she is proposing for the 2010 Legislative Session on Pediatric Abusive Head Trauma, also known as "Shaken Baby Syndrome". Included in the proposed legislation is 1.5 CME's every six years covering the prevention and recognition of Pediatric Abusive Head Trauma for specific medical specialties. Representative Wuchner hopes that the Board will support this legislation. After review, Dr. Perman moved that while the Board appreciates

Representative Wuchner's passion for this issue, the Board does not feel that mandatory CME is the answer to the problem and encouraged a more general education effort. Seconded by Dr. Hacker, the motion carried.

Following further discussion, it was the consensus of the Board to institute a new Board policy not to entertain or endorse the efforts of special interest groups with regard to proposed legislature.

### **Expungement of Disciplinary Action Requests**

**Ayaz Ahmed, M.D.** – Dr. Ahmed is requesting that the Board expunge his Order of Fine; Granting Six Months to Comply with 201 KAR 9:310, which was filed of record on November 18, 2004.

**Kirti K. Jain, M.D.** – Dr. Jain is requesting that the Board expunge records of the disciplinary action taken against him for failure to complete CME requirements in 2004. An Order of Fine was filed in that action on November 22, 2004.

After consideration, Dr. Perman moved to grant Dr. Ahmed's and Dr. Jain's requests and expunge their Orders of Fine. It was further moved to allow Board staff to expunge Orders without bringing individual requests before the Board if statutory requirements are met. Seconded by Dr. Gibson, the motion carried.

### **Federation Matters**

Information was received from the Federation of State Medical Boards regarding nominations for an Associate Member to the Federation. Their Annual Meeting will be held April 22 – April 24, 2010. Board members also reviewed Federation memorandums concerning a call for Resolutions and Call for Award Nominations at the Annual Meeting. Upon review, it was accepted for information.

### **Use of Letters of Concern or Admonishment with Agreed Orders of Fine**

The Board's attorneys are requesting that the Board discontinue the practice of issuing Letters of Concern or Letters of Admonishment in conjunction with Agreed Orders of Fine. Board members reviewed a Memorandum from Mr. Lloyd Vest outlining the legal and practical problems associated with this practice. Following discussion, it was the consensus of the Board to approve this request.

### **Hiring New Hearing Officer**

On December 17, 2009, it was brought to the Board's attention that additional money was needed in its contract with our current Hearing Officer. Following a review of the costs incurred to date, the Board authorized an additional \$25,000 be added to the Hearing Officer's contract for the current fiscal year. The Board also discussed the need to hire an additional Hearing Officer and noted the current caseload as one factor of concern. In addition, the Board cited that an additional Hearing Officer would

address the critic's concerns of having only one Hearing officer and ensure physicians receive appropriate due process.

### **Prescription Drug Abuse Education**

It was noted that the Board has been working with KMA who plans to publish a series of articles in their KMA Journal on prescription drug abuse. Dr. Nunnelley asked that this information also be noted in the next Board Newsletter.

### **Other Items**

### **Date of Next Meeting**

The next meeting of the full Board will be held on March 18, 2010 at 9:30 AM.

### **Adjournment**

There being no further business for discussion, the motion was made by Judge Graves and seconded by Dr. Travis that the meeting be adjourned at 1:00 pm. The motion carried.

**The following matters are exempt from open records pursuant to KRS 3.619.**

**Executive Session**

**Special Licensure Items**

**Perjohan H. Persson, M.D.** – Dr. Persson is applying for a regular medical license and meets statutory requirements. His application is complete. In June of 2008 Dr. Persson entered a 28-day treatment program and was subsequently suspended from his fellowship program. In January of 2009 he entered another 90-day treatment program and was again terminated from his fellowship program while in treatment. Dr. Persson has been evaluated by the Kentucky Physicians Health Foundation and is currently under contract with them. Dr. Jennings was present and addressed the Board. After consideration, Dr. Dave moved to approve Dr. Persson for a regular medical license. Seconded by Dr. Gibson the motion carried.

**General Counsel's Report**

The Board reviewed Mr. Vest's report on cases since the Board last met in September 2009. This report detailed court rulings from US District Court, the Kentucky Supreme Court, the Kentucky Court of Appeals and two Circuit Courts. Legal proceedings since the last Board meeting were also considered and included Complaints finally resolved by Panels, cases resolved without a Complaint and Complaints issued since the last Board meeting. The current caseload status was also reviewed. Following review and discussion, this report was accepted for informational purposes.

**Investigations Department Reports**

Board members reviewed reports submitted by the Investigations Department. The first report detailed investigations and supervision cases from January 1 through November 30, 2009. The second report outlined investigations that have been open for over one year. The third report detailed sexual misconduct cases. The following report indicated physicians who are currently part of the Board's diversion program. The next report listed all open investigations, and the last report outlined all pending supervision cases. All reports were accepted for information.

**5. Recommended Approval of Supplemental Application:**

<u>NAME</u>	<u>PHYSICIAN</u>	<u>CITY</u>
1. Casey L. Doty	Omran Abul-Khoudoud	Ashland

**6. Recommended Approval of the Waiver Request for A. Ladale Simpson, PA-C**

**Background:** Ladale Simpson, PA-C is applying for physician assistant licensure and does not meet statutory requirements due to the fact it took her 4 attempts to pass the PANCE exam. KRS 311.844 (1)(d) states: "To be licensed by the board as a physician assistant an applicant shall: have passed an examination approved by the board within three (3) attempts." As a result, Ms. Simpson has requested that the Board grant her a waiver of KRS 311.844(1)(d).

The Committee is recommending approval to grant this waiver request under the condition the supervising physician provide an update every 6 months as to the performance and continued employment of Ms. Simpson.

**7. Recommend approval of the request for off-site supervision submitted by Dr. Reynolds provided a Senior Pediatric Resident or Fellow is within the University of Kentucky Medical Center complex:**

**Background:** Dr. Reynolds is requesting Sarah Boles, PA-C and Sujata N. Deshpande, PA-C practice with off-site supervision. Ms. Boles and Ms. Deshpande are new graduate physician assistants, therefore they do not have eighteen months of continuous experience. A waiver for off-site supervision is necessary. Dr. Reynolds is the Neonatology Program Director at the University of Kentucky and the physician assistants will be residents under his supervision. Dr. Reynolds provided information on the Neonatology Program and the role of the physician assistants. Staff advised the Physician Assistant Advisory Committee that Dr. Reynolds has made requests for previous residents and the Board voted to approve the physician assistant applicants for off-site supervision with the provision that a Senior Pediatric Resident or Fellow is within the University of Kentucky medical center complex when Dr. Reynolds or the attending physician is off-site.

**8. Recommended Approval for Waiver Request for 18 Month Supervision Role, Thaddeus B. Riley, PA-C**

**Background:** Thaddeus B. Riley, PA-C received his temporary license on December 13, 2007; however he did have a three month interruption between employers. KRS 311.860(2) states "a physician assistant shall not practice medicine or osteopathy in an office, clinic or separate location from the supervising physician unless the physician assistant has 18 months of continuous experience in a non-separate location. The Board in its discretion may modify or waive the requirements of this subsection."

The Committee concluded that three months of interruption in employment is not a significant period of time for Mr. Riley to lose any skills. The Committee recommends approval to grant this waiver request.

**9. Recommend Approval Walter R. Eiseman, M.D. to fill the vacancy on the Physician Assistant Advisory Committee**

The term of Jeffrey B. Richardson, M.D., expired on July 31, 2009 thus leaving a vacancy on the Committee. As a result, the Board asked that the Kentucky Medical Association provide a prospective candidate for the position.

KRS 311.842(3)(b) "members of the Physician Assistant Advisory Committee shall be appointed by the board for four (4) year terms and shall consist of:

- (a) Five (5) practicing physician assistants;
- (b) Two **supervising** physicians;
- (c) One (1) member of the Board; and
- (d) One (1) citizen at large."

KMA nominated Walter R. Eiseman, M.D. to fill the vacancy. Dr. Eiseman currently serves as an alternate supervising physician and meets the criteria for the appointment. Therefore, the Committee is recommending Walter R. Eiseman, M.D. fill the supervising physician vacancy on the Physician Assistant Advisory Committee.
